### HAPPY EASTER

Father God, I **pray** that your love surrounds those whom I love on Earth, and those who have left to spend their eternity with you. Amen! Lord, thank you for the gift of new life, the greatest gift of all!

### From the Principal's Desk

"Education is the most powerful weapon which you can use to change the world".

Nelson Mandela

As a school community, we've continued to embrace change. Thank you to our partners in education, who've continued to support and encourage the MHT community. The current year is quickly winding down; and, I encourage each of you to begin planning summer activities with an educational focus for our students! Feel free to reach out to us if you need guidance with identification of programs and activities.

With the flowers blooming, the smell of fresh cut grass, and other elements of spring, I am asking that we continue to be diligent about how this season may impact the health of our children (more specifically allergies and asthma). Our instructional focus may prompt an increase in movement and outdoor opportunities. Please let us know if your child has any medical concerns which may hinder their participation in these activities.

If you are continuing to have challenges with Teacherease, please reach out to the main office. Lastly, I encourage you to stop by and see "what's happening at MHT". Please continue checking your child's weekly folder for pertinent information. Creating and maintaining relationships is paramount! I am always a visit, email, text, or call away!

Blessings to a wonderful break and Easter!

Dr. S. Holland
